THE
TROPICO INTER-URBAN SENTINEL

Devoted to Tropico, the San Fernando Valley and Southern California

Public Library

VOL. VI TROPICO, (Los Angeles Postoffice) CALIFORNIA, WEDNESDAY, OCTOBER 18, 1916 NO. 41

UNION TERMINAL MOVEMENT

Last week the Sentinel had a call from Mr. Hugo Waldeck, assistant secretary of the Central Development Association of Los Angeles. Some time before the editor met H. S. Ryerson, the secretary of the company who is a resident of Tropico. From him some knowledge had been gained of the big project which he and Mr. Waldeck on behalf of the Association are working hard to promote. Briefly, it is the building of a union railway station or terminal at the Plaza under the plan made by Bion J. Arnold who came to Los Angeles a few years ago to look the situation over as an expert and advise the city how to handle its transportation and industrial problems. He then considered that a terminal was necessary and that the Plaza was the logical situation for it, because all the transcontinental railways pass within a few hundred feet of it. With a terminal at this point grade crossing problems would be almost entirely eliminated and streets which the railways now traverse would be restored to general traffic, almost barred at the present time. The plan proposes ultimately the building of freight lines along the river front, thus taking the traffic away from the streets.

Mr. Waldeck exhibited a long list of personal signatures of leading business men, largely wholesalers, or owners of big office buildings, who indorse the idea. The Railway Commission, Mr. Waldeck says, also favors the plan as the only practical way of solving the grade crossing problem, of simplifying the transfer of freight and distribution of passengers to the different parts of the city to which they wish to go.

Mr. Waldeck declares it will in no way conflict with the Union Terminal, industrial center and market projected at Seventh and Alameda and that parties interested in that movement are backing this.

Mr. Ryerson claims it will materially shorten the running time of interurban cars on lines east and north of the city. Tropico cars, for instance, would probably run from Lake Shore along Temple or Sunset Boulevard to the Union Station where by a system of transfers, passengers would be carried wherever they wished to go. Pasadena is supporting the movement, a similar indorsement was given by the Van Nuys Chamber of Commerce recently, and the Association confidently expects Tropico and Glendale to favor it and use their combined influence to secure a ruling from the Railway Commission ordering the building of such a union terminal. The Railway Commission has the authority and the Association is confident that body will exercise it.

Mr. Ryerson is taking the matter up with officials of the Tropico Chamber of Commerce who are favorably impressed with the idea.

If the plan is realized, it may help to solve the jitney problem for the electric lines. The popularity of the jitney has been explained by the statement that it can and does go anywhere. With a big terminal station where lines from every part of the city and suburbs would center, and a system of transfers, there would be less occasion to patronize busses and the jitney competition could be largely eliminated.

A dinner dance was given Monday evening at the home of Mr. and Mrs. John Erskine, 300 Blanche avenue, in celebration of the birthday of Miss Ella Erskine, daughter of the host and hostess. Guests were: Misses Edna and Hazel Colton, Hope Moody, Mary Erskine and Mr. E. M. Starr.

Hollywood citizens are protesting that jitneys are ruining the pavements.

A "DRESS-UP" FOR TROPICO

The following article is contributed by a well known citizen who modestly withholds his name. He is not a knocker or chronic kicker but a good citizen and booster for Tropico:

Editor Sentinel:—

In perusing the interesting columns of the Sentinel I find many news items that otherwise would escape, especially pertaining to local items. Your article on the trimming of pepper shade trees is one that ought certainly be adopted by Tropico authorities. The expense would be a minor consideration and the work better accomplished. While in this line of thought why not include the matter of weeds also? The growth of weeds, covering streets and walks is certainly not cerditable to the beauty of a city like Tropico. It is to the strangers or visitors eye we must aim to create a good impression. Those that pass the growth of weeds every day forget they are in existence. But to the newcomer they are viewed with contempt. As an instance take Laurel street—pumpkin vines growing in the parkways, weeds and grass coming up through the oiled street.

For over a year on the cement walk at corner Brand and Cerritos streets school property, a coating of dirt once used to drive over has been sticking to the walk. Whose duty is it to look after such work? Take the vacant lot adjoining the school lot on Cerritos street. You will find it littered with debris, old paper, cast off lunch wrappers, making the surroundings appear as a public dumping ground. This sentiment is not expressed in the idea of knocking but with a view of putting Tropico in dress benefitting her station.

THE K. P's

Twin City Lodge No. 331, Knights of Pythias, met in regular session with a very good attendance. The contest that the members have entered into has progressed in fine style. They have chosen up two sides and called them the "Whites and the "Blacks." The "Whites" got away in the lead last Thursday evening but the "Blacks" promised to pass them next Thursday.

The regular order of business was dispensed with and the Lodge proceeded along some new and untried lines, taking up the "School of Instruction" work with very amazing and enjoyable results. Something different every Thursday evening is promised.

PUBLICITY COMMITTEE.

CO-OPERATIVE AUDIT

South Pasadena has contributed to a fund for a partial audit of county books relative to the distribution of tax moneys, which will be made by City Clerk Garwood of South Pasadena, City Clerk Wilde of Vernon and City Attorney Woodworth of Inglewood. City Clerk Wilde of Vernon, who is a public accountant, made a partial audit for Vernon and says that he found $3000 due that city.

One-fourth of the ship building of the country is being done on the Pacific Coast.

TUESDAY AFTERNOON CLUB

The Tuesday Afternoon club of Glendale began its club year with a luncheon for which elaborate preparations had been made by a most efficient hospitality committee. Covers were laid for 250 guests. The Masonic Hall was the scene of the festivity and was beautifully decorated with yellow chrysanthemums and goldenrod. Mrs. H. E. Bartlett as head of the club, presided. Committee Chairmen and Curators of Sections reported plans for the year's work, and many former presidents and officers responded to call with greetings and encouragement of the work undertaken. The address of the President, Mrs. Bartlett, was inspiring and received with enthusiasm. The group of songs contributed by Ruth Markell gave great pleasure. Mrs. Ella Richardson's report of the Biennial, with which the session closed, was followed with great interest.

HOME FROM GRAND LODGE

Mr. John Erskine returned the first of the week from San Francisco where he attended the Grand Lodge as the representative of the Glendale Masonic Lodge, of which he is Grand Master. Of the 425 grand masters in the state, all were present but about sixteen. Francis Keesling, who came down from the north to dedicate the Masonic Temple in Glendale, was elected Grand Master for the ensuing year. One of the most important items of business was provision for the endowment of the Masonic Home at Covina.

PACKER'S PRINCIPLES

Stephen C. Packer, candidate for Supervisor of the Fifth District of Los Angeles county, continues his successful campaign with unabated vigor that inspires his friends with confidence in the outcome on Tuesday, November 7. He states in his platform, that it is not within the jurisdiction of supervisors to pass legislation making any district dry, but he states that he stands unequivocally, both as a citizen and as supervisor, if elected, in favor of a strict enforcement of any law—this includes liquor laws—affecting the welfare and morals of the people of Los Angeles county. In his platform he states that he believes in the conservation of county property and the protection of public health and the elimination of all useless expenditures, and he is also opposed to the use of public funds for private entertainment. It is freely predicted by his friends that he will get a large majority of the votes cast in the Fifth District on Tuesday, November 7.

The P. E. O. met Tuesday at the home of Mrs. W. H. Bullis on Central avenue. There was a full attendance and an excellent program.

Return to Congress

NINTH DISTRICT

Hon. Charles W. Bell

A DRY REPUBLICAN

Independent Candidate

The only member of congress from this 9th District who has voted for National Prohibition. Stands for protection of American products and industries. Stands for preparedness, both military and economic. Stands for National equal suffrage. Vote for a republican who will be able to secure recognition from a republican congress and accomplish results for the district. Mr. Bell did not compete in the primary election. His candidacy is made by request of a republican district conference. His name will be printed on the ballot:

CHARLES W. BELL, Independent X

ENDORSING BELL

The Hughes-Fairbanks and other Republican organizations throughout the Ninth District are giving to Hon. Chas. W. Bell their heartiest endorsement. Mr. Bell is recognized everywhere as the real Republican candidate, although, as he did not participate in the primary, his name will be printed on the ballot as "Independent." Republican and protection voters consider Mr. Bell's opponent, Hon. C. H. Randall, as a Democrat.

Among the Hughes-Fairbanks clubs which have recently endorsed Mr. Bell are those of Long Beach, Whittier and Pomona, three of the largest cities in the district, under whose auspices Mr. Bell will speak.

Last Friday night Mr. Bell attended a meeting at which the Hughes-Fairbanks club of Claremont was organized. He received the unanimous endorsement of the club.

The Republican County Central Committee for the 69th Assembly District likewise has given Mr. Bell a unanimous endorsement. He also has the endorsement of the Los Angeles County Executive Committee and that of the Republican-Progressive Conference of the Ninth District.

METHODIST MISSIONARY MEETING

The Woman's Foreign Missionary Society of the Tropico Methodist church met last Thursday afternoon at the vine clad cottage of Mrs. Marple on Palmer avenue. The following officers were elected for the year: Mrs. Goodsell, president; Mrs. Meagher, vice-president; Mrs. Lucus, secy; Mrs. Lang corresponding secy; Mrs. Phillips, treasurer; Mrs. West, Mite Box secy; Miss Julia Goodsell, extension secy; Mrs. Doughty, treasurer of flower fund.

After election of officers Rev. Henry sang a choice selection. Rev. Goodsell read of the pressing needs of the women of India and Rev. Dan Ford spoke on the splendid work of the society the past year. After the program Mrs. Marple served appropriate refreshments.

FAIR AT LANCASTER

The Antelope Valley Fair Association will make its exhibits at the fair to be held at Lancaster October 27 and 28th, chiefly livestock, poultry and rabbits. There will be a big dance on Friday and Saturday evenings.

DISSATISFACTION IN OWENS VALLEY

Messrs. F. A. Stroup and son returned last week from a tour of inspection and investigation of conditions in the Mojave desert country, Fremont Valley, Antelope and Owens River Valleys. They found it very enlightening and feel well remunerated for their expenditure of time and money. They saw many prosperous towns and much fine land suitable for agricultural and horticultural purposes when water is developed.

They were told by a Mojave business man that the government has appropriated $7000,000 for reclamation purposes in that district.

They also report that the people of Owens River Valley are starting a movement to secure a restoration of their original right to a portion of the Owens River water which has been acquired by Los Angeles. They claim it was granted by the federal government upon the representation that the water was sorely needed for domestic purposes and would not be used for the irrigation of agricultural lands. But no sooner had the city acquired the water than it began annexing the San Fernando Valley offering as an inducement the Owens water for irrigation. The Owens River Valley farmers think it an injustice to take the water from them and give it to the San Fernando Valley farmers.

Possesion is nine points of the law, and it is quite improbable that Los Angeles will ever surrender any portion of the water now claimed as her own, or distribute any of it in the Owens River Valley except under an annexation arrangement.

WEDDING ANNIVERSARY

A dinner at which covers were laid for eight was given Sunday by Mr. and Mrs. G. Gray Henry of 629 South San Fernando Boulevard, in celebration of the forty-second wedding anniversary of Mr. Henry's parents, Mr. and Mrs. Winchel Henry of Brand boulevard, Glendale. Yellow and lavender crysanthemums were effectively employed in the decorations.

PROCEEDINGS OF BOARD OF TRUSTEES

President Peters and all members were present at the Tuesday evening meeting save Trustee Boyce. Also present was all the city officers.

Larsen Appeal

The president stated that the regular order of business would be suspended for the hearing of the appeals of Lelah Larsen et al., whereupon Judge Bordwell appeared on behalf of the German American Trust and Savings Bank and Attorney Spencer for Lelah Larsen and Mary H. Baldwin. The Judge stated that the bank had a mortgage interest. He recited the terms of a contract signed by Mr. and Mrs. Larsen and by Mr. Goodwin, City Attorney of Tropico, under which Mrs. Larsen agreed to execute to the city a deed of conveyance to a right of way across her property, the contract providing as a consideration for the deed that her assessment for the Acacia street improvement should not exceed 10c per front foot. The Judge argued that Mrs. Larsen was induced to make the deed by reason of that promise and as a matter of justice and equity the city should carry out the agreement; that while it was unusual for a city attorney to make a contract for a city, it was entirely proper if he was authorized to do so. Mr. Shaw explained that the minutes of the Board contain no record of the contract or of any authority given its city attorney to execute such an instrument; and further, that if the city should undertake to reduce Mrs. Larsen's assessment to a fraction of what other property owners were paying, it might invalidate the whole assessment. This the Judge did not dispute but said in that event the city might pay Mrs. Larsen the difference between the assessment named in the contract and the assessment actually levied, which difference it was figured would amount to about $1650. This Attorney Shaw thought was out of the question for the city to pay. Judge Bordwell held that if the contract was not binding upon the city neither was it binding upon Mrs. Larsen and in that event the city would lose title to the right of way conveyed, because no consideration had been given. It was decided that more time should be allowed for negotiations between the attorneys, and the matter went over for one week.

Telephone Earnings

A communication from Mr. McFarland, of the Pacific Tel. and Tel. Co., San Francisco, was read, transmitting a sworn statement of the gross earnings of the company in Tropico for the year ending October 1st, aggregating $6603.41 and transmitting a check for 2 per cent or $132.70.

Taxicab Licenses

Applications for taxicab licenses from Starkey Bros., A. Lawson and C. A. Kingsbury, were granted.

San Fernando and Central

Dr. Duncan called the attention of the Board to the bad condition of San Fernando at its junction with Central and the great danger of accidents. The restoration of the street was urged by Henry. Trustee Seal suggested an application of asphalt and gravel; Enginner Wattles urged the scarifying of the surface with the addition of enough rock to level, then to roll and oil. Moved by Alspach that the matter be referred to the President and one member for recommendation and report as to probable cost. Carried.

Dog Licenses

Mrs. H. W. Bowman petitioned for an extension of sixty days on the collection of her dog licenses as she is liable to sell them any day. The matter was argued at some length but no action taken. Marshal Gould reported he had about 40 summonses ready to serve on dog owners.

Cesspool Diggers

Relative to the question referred to him at the last meeting whether a contractor can employ an unlicensed man to dig a cesspool, Attorney Shaw said: "For the digging of one cesspool or two cesspools it would be impossible to exact the taking out of a license for that business." Marshal Gould recommended the cancellation of the cesspool license clause in the ordinance and the substitution of a $1 permit for each cesspool dug. This appealed to the Council and Attorney Shaw was instructed to draft such an amendment.

Hill Street Inspectorship

Engineer Wattles asked for the appointment of an inspector for the Hill street work and on motion of Trustees Henry, Mr. Fram was appointed.

Glendale Street Repairs

Superintendent Wasson reported street repairs needed on Glendale avenue and he was instructed to repair 100 feet or more of cement gutter in front of Dramfield's store.

Columbus Avenue

The City Attorney and City Engineer were instructed to draft the necessary papers for the opening of Columbus avenue.

Billboards

Trustee Seal urged the amendment of the billboard ordinance but was not sustained.

Demands

were submitted and allowed as follows: To P. L. and P. Co., $191.34; Manuel Carpi $67.77; Puente Oil Co., $4.67; Tropico Sentinel, publication notice of award $18.10; ditto for Ordinance 119, $14.85; ditto for Notice of Appeal $2.00.

The Board then adjourned.

Lehron Spear, who has been employed in the basket factory, has accepted a position with the Cornwell & Kelty Hardware Company.

OPEN MEETING

All the women of Tropico will be welcome at this week's session of the Thursday Afternoon club which will be an open meeting held in the club headquarters in the City Hall. A program of special interest has been provided, the speaker of the afternoon being Mrs. E. K. Foster, whose theme will be "Problems of Juvenile Protection."

At the golden wedding reception which the Robert D. Evans Post held Saturday for Commander and Mrs. Crouch, the Woman's Relief Corps of N. P. Banks Post was represented by Mrs. James Gregory and Mrs. W. M. Crawford.

The Art and Travel Section of the Tuesday club of Glendale, of which Mrs. Charles M. Turck is curator, meets this week at her home on North Glendale avenue for the preliminaries of an imaginary voyage in an Italian steamer from New York to Genoa, with stops at the Azores, Tangiers and Gibraltar.

Saturday and Sunday next have been proclaimed Armenia Days by President Wilson when contributions for the relief of the Armenians will be received. It is estimated that there is a death a minute from starvation in that country.

REMOVING IRON RUST

How to remove iron rust from stucco or cement is thus indicated by "The Concrete Cement Age:"

"A solution of hydrochloric acid and stannous acid will remove iron rust from concrete, and will not injure the concrete if the treatment is administered rapidly and the face immediately washed with clean water. The solution mentioned has an affinity for carbonate of lime consequently it should not be used when hydrated lime has been incorporated in the mixture. Rough finished cement stucco should be treated by spraying with the above solution as the result will be more thorough and the work more rapid than by the use of a brush.

"Very satisfactory results may also be obtained by diluting one of the commercial cement paints until it is thin enough to use in a spray pump, and painting the surface of the stucco by spraying the diluted paint upon it."

RECIPROCITY MEETING

Burbank's Woman's club was hostess at a reciprocity meeting Tuesday at which 119 were entertained, most of them delegates from the ten valley clubs. The Tropico representation included Mesdames C. W. Kimberly, G. G. Henry, Edw. Virden, H. V. Finley, Wesley Bullis, J. Herbert Smith, H. E. Bowman, Ella Richardson and Miss Ida Myers. The program opened with an address by the Mayor after which were talks by Mrs. Harmon, district president, Mrs. J. A. Matthews, another district officer, and by members of the Burbank club. Mrs. Madison Jones was made chairman of a committee to work for improvement in the valley telephone service, the committee to be composed of delegates, one from each valley club. After light refreshments had been served, the guests were given an auto ride around Burbank.

DRY PARADE

A "Dry Parade" has been booked for the 4th of November to start at 1 p. m. The line of march will be from 8th on Spring to First, west on Broadway, thence south to Seventh. Fifty thousand persons are expected to participate. Tropico will send three floats, two of which will be filled with scholars from the Presbyterian and Methodist Sunday schools, the third carrying a combined choir from the two churches. Several autos will be in line and Dr. J H. Henry will marshal Tropico's marching delegation.

STIMULATING ATTENDANCE

Prof. Kennedy, superintendent of schools, and his assistant teachers have devised a scheme for stimulating constant attendance on the part of scholars. A beautiful green banner, lettered in white "Tropico Grammar School" will have its station in the room which shows the best attendance for the month. The audit of reports indicates that Room 3, third and fourth grades, taught by Miss Crane, is entitled to the banner on the attendance record of the first month which was 99 per cent. Prof. Kennedy's room, 8-a and b, had a record of 98.8 per cent.

To the great joy of the Tropico school teams, a soccer football has been given the boys by the School Trustees, the girls receiving a basket ball.

The twenty-seventh State annual Sunday School Convention will be held at Pasadena October 24, 25 and 26th, at the First Methodist church. A fine program has been prepared.

GOOD SHOES

The Sentinel takes great pleasure in recommending to its readers the ad. of the College Boot Shop at 526 South Broadway, Los Angeles, because the editor knows by personal experience it is a fine place to trade. While carrying a stock of very attractive up-to-date shoes, it also makes a specialty of comfortable shoes, and of careful fittings, and as their prices are reasonable, it holds its customers.

Mr. W. E. Roake, the well known garage man on North Brand boulevard, is advertising in this issue some used cars on which he is prepared to make attractive prices, to those who apply in good faith.

Do you want $3000 in cash? If so, consult J. A. Newton Electric Company, whose ad appears in another column.

FLAPJACKS

The B. & B. Grocehy has had a novel window attraction which kept a small crowd there most of the time. It was a very realistic moving picture of a Mojave miner making pancakes over a small fire and flipping the cakes in a manner to inspire envy in the breast of any incompetent. He flipped all day and never tired and never missed. Meanwhile, the pancakes were on "taste" inside the store.

OLD CURIOSITY SHOP

"Backward, turn backward, O Time in your flight." That is what seems to have happened when you step into "Ye Olde Curiosity Shop" at 614 West Sixth street, Los Angeles, and have a talk with the custodian, Mrs. Klich, who exactly fits into her surroundings. She is not seeking buyers because she has regular customers, but she is in the market to buy old curios of all sorts, china, jewelry, pictures, lace, etc. Those who have things that are old, quaint or odd, which they wish to sell, should visit her.

Miss Gertrude Pearce and Mrs. C. M. Turck had the pleasure of attending the Schubert Club concert at the Alexandria last Wednesday and report a most delightful program.

An Alfalfa Milling Co., is erecting a $20,00 factory in Burbank.

JONATHAN S. DODGE FOR SUPERVISOR

Every voter should investigate the capacity of the candidates for this office. The candidate wanted is a man who has proved his capability and integrity. Mr. Dodge is the man who has demonstrated both in his private and public life his ability to handle a public office for the benefit of the people. That he has the confidence of his fellow citizens was shown at the recent election when there was only eighteen per cent of the votes in South Pasadena cast against him, whereas other candidates had thirty-two per cent and over cast against them in their home cities. He has proved what he would do in public office by lowering the taxes and increasing the efficiency. What we want is a man who not only promises the maintenance of the laws but one who has had the courage to give his support to good, clean administration, which is the quality we need in a Supervisor. Mr. Dodge's friends declare he is undoubtedly the logical man for the office.

CHARLES W. BELL RINGS TRUE

It would certainly appear that Hon. Chas. W. Bell's challenge to Hon. C. H. Randall to meet him in debate throughout the Ninth District for a comparison of their respective records in Congress was worthy of acceptance by the latter. It is difficult to understand why Mr. Randall did not rise to Mr. Bell's invitation. The people of this district would have been much interested in listening to debates of this kind.

Poultry lectures at the Chamber of Commerce in Los Angeles will be resumed the first wek in October. The large number of inquiries by letter, phone and otherwise which have reached Assistant Secretary Dudley, asking when the lectures would be resumed, shows the interest created by the lectures held in the early summer.

Among the speakers for the opening week, commencing October 2nd, will be M. A. Schofield, C. G. Ross, B. R. Holloway and Chas. G. Weaver. It is planned to continue these lectures as long as the public is interested and the attendance warrants. They are all free.

This year promises to be the most prosperous the copper producers have ever experienced.

LOCAL HAPPENINGS

The Missionary Society of the M. E. church will meet Tuesday afternoon, October 24th, in the social hall of the church. The president, Mrs. Mary M. Cole, will direct the meeting.

Mr. Frye, leader of the men's class in the Presbyterian Sunday school was considerably surprised when he was presented at the class meeting last week with the handsome book, "A Trail to the Hearts of Men."

November 17th is the date set for the Presbyterian bazaar.

The Acacia street school will have a bazaar December 2nd.

The Mothers club of the Acacia school will meet Friday afternoon at the school house.

Mr. and Mrs. C. M. Turck of North Glendale avenue were Sunday dinner guests of Mr. and Mrs. John Newton Russell Jr., of Hobart boulevard.

The Kensington club meets this week at the home of Mrs. Hartwig on West Acacia.

The Thimble club of the Pythian Sisters met Tuesday afternoon at the home of Mrs. Dutton on Cypress avenue.

Miss Cora Hickman is expected to return from the Imperial Valley some time this week. She has been absent for two weeks visiting in Brawley and El Centro and looking after business interests. It is reported that a fine crop of cotton has been gathered on her valley ranch.

Mr. and Mrs. Dwight Griswold packed all their belongings and left Tropico Monday for their new home in Escondido where Mr. Griswold has ranching interests.

Mrs. E. Bennett of Central avenue, and Mrs. Ernest Morgan and little son Eric, spent Monday with Mrs. A. W. Collins in Los Angeles.

Mr. and Mrs. H. O. Bouin of Lafayette, Indiana, old time friends and school mates of Mrs. Imler and Miss Hickman, are guests at Palm Villa and will spend some time in Southern California. They have just come north from San Diego.

Mr. and Mrs. D. O. Martin concluded to visit San Diego before going east. They spent the week end there, will leave Tropico Wednesday for Oklahoma where they expect to be until after the holidays and possibly all winter, though they may go to Terre Haute, Indiana, and not return to the Pacific Coast until next summer.

Mr. Don Ford, pastor of the M. E. church is very happy over being returned to Tropico and the satisfaction of his people as voiced at the reception given him last week which was largely attended.

The Tropico branch of the Woman's Christian Temperance Union met October 6th at the home of Mrs. Ludden on El Bonita. Jonathan S. Dodge, candidate for the supervisorship, was present and addressed the meeting which later pledged him its indorsement and support.

Mr. Robert Taylor of Palmer avenue, attended the New Jersey picnic at Sycamore Grove last Saturday.

Messr.s Eustace Devine and Wesley Bullis had a quail hunting trip the first of the week and bagged the limit. They drove by auto to Acton, leaving at 3 a. m. and spending the day there.

Mrs. Don Ford is very ill.

Mrs. Mary R. Raga, of Lincoln, Nebraska, has now become a resident of Tropico, having purchased a home on Blanche avenue.

The Ladies' Aid of the Methodist Episcopal church of Tropico has fixed the date for its bazaar at December 7th. The ladies are working hard in the preparation of the stock, comforters, aprons and fancy work.

The Ladies Aid of the Tropico M. E. church met Tuesday at the church.

KELLER STUDIO NEWS

The Sentinel's representative spent a most entertaining half hour in the studio of Mrs. Pearl Keller the other day witnessing a private lesson to twin boy and girl of three years, whose mother, Mrs. James of Los Angeles, had brought them to Mrs. Keller for instruction. They were beginners, naturally, but had already caught the idea of the two step and the grapevine, and showed the child's instinct for rythm. It was hard to get away from their fascinations. Mrs. Keller has just been engaged by the well known St. Catherine's School, an exclusive establishment which prepares pupils for Malborough, to conduct classes in ball-room dancing. It is an innovation as nothing outside of the fancy dancing in connection with gymnasium work has ever been provided in such a school. That Mrs. Keller has been chosen as instructress is quite a tribute to her reputation as an artist in this line. She is also giving an evening a week at the Gates Hotel in Los Angeles. The dancing club of young people which met in her studio last year is being re-organized for fortnightly parties, the first of which will take place this week. Mr. Seymour Smith is securing the names of those who wish to join and had quite a roster when last seen.

H. L. WHALEY

SEVENTY YEARS

Mr. Robert Taylor of Palmer avenue is very happy over the celebration of his seventieth birthday last week Wednesday at the G. A. R. hall. About 120 guests were present including the N. P. Banks Post and Woman's Relief Corps, the members of which had beautifully decorated the hall in honor of the occasion, and who also presented him with a handsome birthday cake, and a large flag, the presentation speech being made by Mrs. Susie Peck, president of the corps. As the spokesman for the Post, Dr. J. H. Henry gave him a handsome rocking chair, and there were many other tributes from old friends. Comrade Goss was there with his fiddle, Dr. Henry sang, and Miss Florence Chadwick of Tropico furnished piano music.

In acknowledging the gifts and responding to the speeches Mr. Taylor took occasion to review in more or less detail the events of his life which has been one of such hardship that the birthday celebration, the only one he has ever had, will always be a bright spot in his remembrance. Left an orphan at nine years of age, the only schooling he had was in the ten months spent in a juvenile asylum in New York City. He was born in Patterson, New Jersey, which even then was a large manufacturing center. After leaving the asylum, where he had learned to read but not to write, he found a home on a farm owned by Abram S. Hewett, head of the Trenton Iron Works, and one of the most celebrated of the mayors of New York. Mrs. Hewett was the daughter of Peter Cooper, the philanthropist, and inherited her father's goodness of heart. Mr. Taylor has many pleasant recollections of her kindness. When young Robert entered the army at sixteen years of age he could not write. Correspondence with his friends was beset with such difficulty that he determined to overcome his disabilities and securing a "copy" from a schoolmaster in his company, taught himself to write. After the war he journeyed from Trenton to Ringgold County, Iowa, on foot, earning his way as he went. The journey consumed three years. Twenty years were spent in Iowa and after a trial trip to California and return to Iowa he came to the Golden State to stay in 1893, locating in this neighborhood where he has since remained.

LOMA LINDA DAY

Seventh-day Adventists throughout the United States recognized Saturday, October 14, as "Loma Linda Day," and contributed at their regular church services for the building of the Ellen G. White Memorial Hospital, in Los Angeles. Not less than $61,000 was raised, with which to begin work. An administration building, students' home and future hospital units are planned.

This hospital will be a branch of the Loma Linda College of Medical Evangelists, now in operation by the Adventists. It will provide clinical facilities for medical students in training.

A BIG OFFER

Five Publications for $1.25

In another column will be found the advertisement and description of four beautiful home magazines on which the Sentinel has secured a clubbing rate which enables it to offer them to subscribers in connection with the Sentinel for $1.25, or only 25c more than the yearly subscription to the Sentinel. They can be sent to different addresses if desired. We assume that every citizen of Tropico wants the home paper and also wants some good magazines. Here is a chance to get the Sentinel and four more at a wonderful price. Call at our office and see them. This offer is also open to new subscribers who renew.

ECONOMICAL ELECTRIC FURNACE

A Modesto man has just applied for a patent for what seems to be an economical electric furnace. It is said to be the result of grievous personal experience with coal furnaces. The heating device for the electric furnace consists simply of a plate of Lincoln clay, a Sacramento valley product containing little or no iron. In this plate are arranged resistance coils alternately with perforations through which air passes from the door of the furnace to the conduits which carry the heated product to the rooms of the house. The clay plate is placed upon a hollow base of concrete and is surrounded by an air chamber insulated to retain the heat with the least possible loss.

VISITING IMPERIAL VALLEY

Mr. and Mrs. Montgomery Spear and their son Fred, who served as chauffeur departed last Friday for Lana, which is near the Salton Sea in the Imperial Valley. They went by way of San Diego and expected to spend two days in their Ford, which is making the trip for the third time. They will visit their son, O. B. Spear who took up a claim of 160 acres last spring, on which he has already filed. It is irrigated from the Colorado River and it looks good to settlers to see the water flowing over what was once desert.

Mrs. Roberts of Chicago and Mrs. Duclo of Burbank were Tuesday guests of Mrs. W. A. Hough.

Sunday morning at 3:30 a hunting party composed of Mr. McIntyre of Pasadena, Mr. and Mrs. R. G. Coole, their son, Louis Coole, Mr. and Mrs. Glen Craig and Miss Mary J. Evans, motored to the Castaic Mountains. They returned that night with three rabbits and a mud hen.

Miss Mae Rich of Cypress street spent Sunday with her sister, Mrs. Horace Miller of Los Angeles.

Mrs. Sarah Cooley of Los Angeles was the week end guest of Mrs. Landon Haynes.

L. D. Hyer and Mrs. P. O. Lucas, senior and junior superintendents of the Methodist Sunday school, Mrs. T. J. Meagher and four others from that church will attend the Sunday school convention to be held in Pasadena next week.

Northern Michigan is having a blizzard and snow storm.

FOUND—Ring. Owner may have same by paying for this ad. Call Glendale 1500 and give description.

Coaching Children

Experienced Primary teacher will coach young children. Normal graduate; good references; reasonable terms. Address Nellie B. Gorrell, 319 Blanche Av.; phone, Glendale, 15-J.

Garage, gas, phone etc. $1200 mortgage. Want Los Angeles bungalow or clear lot. Would consider Glendale or Tropico realty. Price $3000. Address J, Sentinel office.

UNION HIGH NOTES

Members of the student body have been reminded that the bringing up of delinquent dues is highly important and the competition between classes for first rank will probably draw in the money rapidly. A president and secretary had to be elected the preliminary bill having been passed the early part of last week, when a bill for the institution of the commission form of government was introduced. At Friday's meeting the bill was passed and the commission form of government adopted.

* * *

The High school Trustees and faculty have wisely put the ban on cigarettes and liquor and ruled that any student adicted to either shall not represent the school in any athletic or public function. At a meeting of the boys of the student body, cards were passed to be signed by students ready to certify they could qualify under the above restrictions. Two hundred cards were signed and turned in.

* * *

In the last series of interclass tennis contests honors were carried off by the Sophmore team composed of Wendell Beldin, Roscoe Puffer, Roland Brown and Raymond Fansett. The Seniors have been badly roasted because their team failed to win a point.

* * *

The orchestra has been re-organized and turned out some fine music at Friday's meeting.

* * *

Democratic and Republican clubs have been formed in the school that are likely to have some hot political meetings and debates before November 7th.

Those red and green sweaters of the Sophmores are a great hi

* * *

Gray Bennett has been elected debating manager of the Freshman class.

* * *

The student employment bureau inaugurated by the P. T. A. promises to be very helpful. Mr. Ferguson is chairman of the committee.

* * *

The Seniors have announced a hop for October 27th and the Juniors a New Year dance. Meanwhile the Juniors are to have a jolly-up the 20th at the home of one of the class.

TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Wednesday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross .... Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of March 3, 1879."

OFFICIAL PAPER OF THE CITY

Subscription, $1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

PROVIDING OPPORTUNITIES

Though N. C. Burch has been confined to his chair and is now bedridden by illness, he has by no means lost his outlook upon the world, particularly the foregrodund, Tropico. In a recent interview he gave expression to his idea of what Tropico and California in general should do for the citizens we invite to come to us:

"We have here the finest openings for manufacturing establishments of any town in Los Angeles county. We are right close to the lines of two great transcontinental highways and we have good sites for factories. Citizens could start them themselves. California should learn that it must not only provide for the enjoyment of those who come to it, but provide for the production of a living for everybody that comes. We must give all opportunities. We hold out inducements for people to come here to live, we point out our sunshine and the fertility of our soil and then put prohibitive prices on it as though there were millionaires enough to occupy it all. Millionaires are never going to build up our city. It is the common people, the people of moderate means."

CLASSIFIED COLUMN

AUTOS IN THE U. S.

According to statisticians by the first of January, 1917, there will be one automobile in this country for each twenty-five inhabitants. On January 1 of this year there was already one automobile to each forty-four of the population.

It is staggering when one stops to realize the cost of even the most modest motor car. If one puts the average cost of an automobile at $500, which is considerably lower than the true average, the value of the 2,445,664 cars which the Government census recently announced were registered in the United States in 1916, reaches in the aggregate $1,222,832,000.

WHY GLASS WILL COST MORE

It is a foregone conclusion that glass will cost more this year says the New York Crockery and Glass Journal, and some of the reasons are that a carload of soda today costs $300 more than it did a year ago; a carload of nitre costs $550 more; fuel costs from 5 to 15 per cent more; sand, 5 per cent more. To this must be added a slight but significant raise in freight rates. Common labor is higher and getting scarce, owing to the leaving of so many foreigners for Europe to answer the call to the colors.

An automatic stream measuring wier and tower for registering the size of floods has ben installed in the Arroyo Seco near the ranger's cabin. The device, which was installed by J. C. Dort of the forestry service, is expected to supply valuable data for the municipal water department of South Pasadena. This device is one of eight which the federal government is installing at the expense of the county for studying flood control.

Australian markets for citrus fruit have bee reopened to California growers by the lifting of the quarantine. The only restriction is that the fruit must be free from canker and the quantity of the shipments must be known.

The S. P' $40,000 new depot at Visalia has been opened for business.

Huntington Park is to have a $100,000 steel casting factory.
